SPECIFICATION BOOK

## **KRAFTMAID SIMPLICITY® CABINETS 25 YEAR LIMITED WARRANTY**

Cabinetworks Group Michigan LLC warrants to the original consumer purchaser that our KraftMaid Simplicity® cabinetry will be free from defects in material and workmanship under normal use for a period of TWENTY-FIVE (25) YEARS from date of purchase. This warranty is not transferable. No changes or modifications can be made to this warranty except by an officer of Cabinetworks Group Michigan LLC.

Cabinetworks Group Michigan LLC may elect to repair or replace any defective KraftMaid Simplicity product covered by our warranty.

### **THIS WARRANTY DOES NOT COVER:**

- The natural aging or darkening of wood color, or the inherent growth characteristics of, or variation, in wood.
- Defect caused by misuse, abuse, negligence, alterations, environmental conditions, improper installation, storage or handling.

As with other natural materials, wood is affected by environmental factors such as natural and artificial lighting. Darkening or mellowing of the wood can be expected and is a natural process of wood as it ages. Each wood species also exhibits its own distinctive patterns and characteristics that add to its natural beauty. These variations in color and characteristics are not considered imperfections or defects.

Cabinetworks further provides a Lifetime Limited Warranty on the door hinges and drawer guides to the original consumer purchaser for as long as you own the product. This Lifetime Limited Warranty provides that the door hinges and drawer guides will be free from defects in material and workmanship under normal use. Replacement hinges and drawer guides are subject to their availability from our suppliers.

From time to time, we will change design, specifications and materials as conditions require and improvements are developed, but we have no obligation to incorporate such changes in products we previously manufactured.

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW: THIS WARRANTY DOES NOT COVER INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, LOSS OF USE, OR LABOR EXPENSES IN UNINSTALLING OR INSTALLING ANY MATERIAL OR PARTS, WHETHER ARISING OUT OF BREACH OF WARRANTY, BREACH OF CONTRACT, NEGLIGENCE, TORT, OR ANY OTHER LEGAL THEORY, EVEN IF CABINETWORKS HAS BEEN ADVISED OF THE POSSIBILITY THEREOF. CABINETWORKS GROUP MICHIGAN LLC DISCLAIMS RESPONSIBILITY OF DAMAGES IN EXCESS OF YOUR PURCHASE PRICE. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty is only valid in the United States of America. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

To obtain performance under this warranty, you must contact your KraftMaid Simplicity supplier and report, in writing, all defects claimed and provide your original sales receipt or other documentation acceptable to Cabinetworks Group Michigan LLC. If you have difficulty obtaining assistance, write to: Cabinetworks Group Michigan LLC Warranty Department, P.O. Box 1055, Middlefield, Ohio 44062

## Designer Support & Customer Care Guidelines

At KraftMaid Simplicity®, we're committed to providing you with the very best service from start to finish. We're always here to help.

### Care and Contact

#### Contacting Customer Care:

Phone – (888) 562-3338  
Fax – (888) 562-6493

#### Hours of Operation:

Monday through Friday – 8 a.m. to 8 p.m. EST  
Saturday – 8 a.m. to 5 p.m. EST  
Sunday – Closed

#### Contact Customer Care With Questions or Concerns Associated With:

- Product availability
- Warranty claims
- Order status
- Purchase order numbers
- Product questions
- Return Goods Authorizations (RGAs)

#### Reasons to Contact Your KraftMaid Sales Representative:

- Showroom needs
- Literature needs
- Service issue resolution
- Design questions
- Any questions or issues not resolved when contacting Customer Care

#### Warranty Phone Number:

(888) 562-7744

Your 24/7 access to order tracking, promotional updates, design ideas, trends, 2020 info, training and more!

Click and discover [www.KMDesignerXchange.com](http://www.KMDesignerXchange.com)

### Ordering Process

#### EDI (Electronic Data Interchange) – Placing an Order:

- Once a designer enters the order into 20/20, it is sent to the Special Services System for pricing, and then creates the Order number.
- Once purchased by the customer, the Purchase order is transmitted via EDI to KraftMaid Simplicity for scheduling.

#### Order Confirmation:

Once your PO is received and scheduled by KraftMaid Simplicity we will confirm the order via EDI in the system.

#### Monitoring Your Order:

- You can check the status of an order at any time by logging into [www.KMDesignerXchange.com](http://www.KMDesignerXchange.com) and selecting Order Tracking under the Designer Toolbox dropdown tab.

#### Refund/Rebill:

Should a price discrepancy be discovered after an order has been placed, it is the policy of The Home Depot that a refund and rebill be completed. The store will be responsible for completing the refund and rebill, as well as reissuing the order without the discrepancy. The reissued order requires a new purchase order.

# KraftMaid SIMPLICITY®

## How to Order Add-On Parts:

- Generate a new Purchase Order and reference original PO# under vendor special instructions.
- Once the order has been entered it will be confirmed through EDI.
- Add-On Parts have an estimated 10-day turnaround from order to ship.
- Track your order on [www.KMDesignerXchange.com](http://www.KMDesignerXchange.com).
- For an order to qualify for this program, it must be for the same consumer, placed within six months of the original cabinet order delivery and include no more than six cabinets.

## Canceling an Order:

- Once an order has been placed, it can be cancelled and is subject to a 20% restocking fee. Excluding Custom panels and Vanity tops which are non refundable.
- Orders must be cancelled via phone. Designers should document the date and time of the call, along with the Customer Care representative who assisted with the cancellation.

## Delivery

### Logistics and Delivery Process

- Orders of five cabinets or less will ship to the store unless a Home Delivery (HMD) fee is paid.
- It is possible to have five cabinets or less delivered to the end-consumer's home. The HMD fee is an adjusted amount.
- Orders containing six or more cabinets ship via HMD unless approved by an authorized store associate at the time the order is placed.
- If an EDI order populates as a HMD with the customer's address, we will process the order as a HMD regardless of the number of cabinets.
- KraftMaid Cabinetry will arrange deliveries by calling the consumer for home deliveries or the store for in-store deliveries.
- A home delivery fee is added to the invoice on all HMD orders.
- Damaged Product – If a customer receives the product and the packaging is visibly damaged, they can request that the driver open the package. The customer is then responsible for contacting KraftMaid Customer Care at (888) 562-7744 for reordering if there is damage.

## Post-Delivery Support

### When to Order No-Charge Replacement Parts:

- Damage – as soon as it's discovered.
- Missing – at the time of delivery (as long as it is on the invoice).
- Customers should contact the Customer Care department at (888) 562-3338 when they need a replacement part.
- Customers who provide their email address will be sent an order acknowledgement for replacement parts.
- Replacement parts have an estimated 10-day turnaround from order to ship.

### Return Goods Authorization (RGA):

- Must be within 90 days from actual delivery date to receive 80% credit.
- Must not be installed or modified.
- Items should be returned to the store. Other options may be available. Contact Customer Care for details.
- RGAs can be called in to (888) 562-3338.
- Vanity tops and Custom Panels are not returnable.

KraftMaid  
SIMPLICITY®

**25 YEAR  
LIMITED  
WARRANTY**

Craftsmanship and durability are what we built our reputation on. KraftMaid Simplicity cabinetry is warranted to be free of defects in materials and workmanship for 25 years. For details about our 25-year limited warranty, visit [www.KMDesignerXchange.com](http://www.KMDesignerXchange.com).

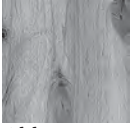

If you have a customer with a warranty issue, please direct them to Customer Care at (888) 562-7744.

# Wood Species

**Rustic Alder** is softer than other hardwood species, fine grain pattern, likely includes some rustic characteristics such as open and closed knots, burls, worm holes, mineral streaks and sound cracks. Must order matching end panels for rustic finished ends.

**Alder**

---

**Cherry** brings a rich, elegant feel. Common in fine furniture. Darkens or “mellows” with age. May contain small knots and pinholes for added character.

**Cherry**

---

**Hickory** The hardest wood with the widest color variation. Random burls, knots, dramatic color contrast and mineral streaks give each Hickory kitchen a unique sensibility

**Hickory**

---

**Maple** The go-to wood species, very uniform and predictable. As a result, it takes lighter stain and paint colors well. Predominantly off-white with light yellow-brown and pink hues, as well as occasional tan or dark mineral streaks.

**Maple**

---

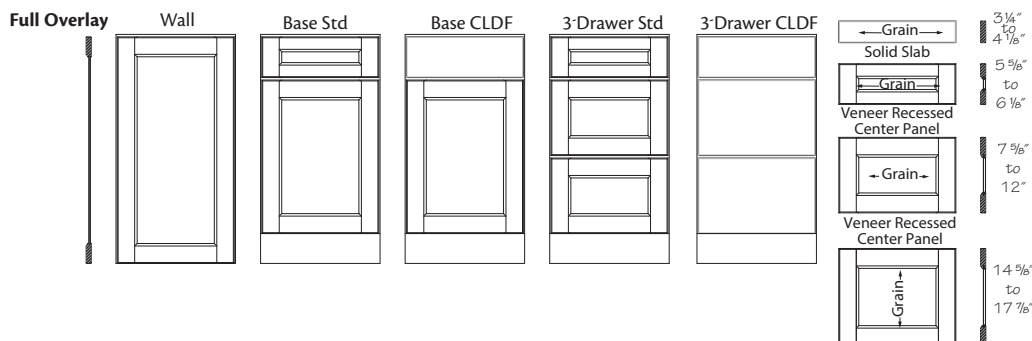

## Paint Grade

**EverCore®**: Delivers an especially smooth painted finish, with no cracks or shifts in the center panel. Extra-solid EverCore® doors and drawer fronts - made by super compressing wood fibers - have no grain, and react less to temperature and humidity compared to regular wood.

# Brooks

# Finishes

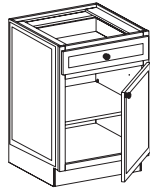

## Examples of ways to finish ends:

Wood Skin

Matching  
End Panel

Wood Skin with  
Replacement Door

## Finish Terminology:

### End Grain:

End grain surfaces and softer areas of the wood may accept more stain and often appear darker than other surfaces. This is a natural reaction when finishing wood products and potential variances cannot be controlled

### Joint Lines:

Since wood is in a constant state of expansion and contraction, visible lines are normal at the joints on the cabinet face frames and doors. This does not weaken the finish or the strength of the joint

### Telegraphing:

Show through or “telegraphing” of wood characteristics may happen when paint is applied to any specie of natural wood. These characteristics, such as open grain, pin holes, knots and mineral streaks, may be visible through the paint. Telegraphing may happen on doors, face frames, moldings, decorative end panels or other decorative enhancements made of natural wood. Please consider this when selecting any of our finishes that feature paint as the base technique, including paint with highlight techniques

### Warping, Cracking & Proper Humidity:

As a natural characteristic, all wood products contain moisture. Changes in temperature and humidity affect the moisture content in wood, which causes wood to expand or contract. Over time, this expansion or contraction can cause warping and joint cracks to occur, potentially causing permanent deformations, in wood cabinetry.

To help prevent excessive movement in your wood cabinetry, we recommend maintaining a controlled environment of 70 to 75 degrees Fahrenheit and 30% to 50% humidity in the areas where your cabinetry is stored or installed. Environmental conditions cannot be controlled by the manufacturer and the effects of the movement in wood is not considered to be a manufacturing defect and will not be considered a reason for replacement.

See the doors section for door specie information and descriptions

**Note:** Wood products, including cabinet doors and face frames, are typically affected by environmental conditions. Color variation over time, as well as normal movement due to wood's expansion and contraction is part of the natural beauty of wood. This normal movement may cause hairline cracks in the finish surface at the joints and is considered a normal characteristic of semi-opaque or painted finishes. This will not be considered a reason for product replacement

**Note:** Individual veneer doors vary in absorption of finishes. Therefore, it is recommended that a sample veneer door be viewed in the desired finish before placing a full kitchen order

**Note:** Based on independent testing, discoloration will occur to doors, drawers and cabinet parts after prolonged exposure to tobacco smoke. This is especially noticeable on white and other lighter finishes. Discoloration due to exposure to smoke is not covered under warranty

Natural wood characteristics such as gum pockets, streaks and pin knots may be visible, particularly with some of our lighter paints. These characteristics tend to be more pronounced on the backs of our doors and drawers

**Finish availability may vary by door style. See Finish Availability Chart**

**Stain** (Included as Standard)

Finish	Standard Topcoat Code	WOOD SPECIES					TOUCH-UP					
		Cherry	EverCore®	Hickory	Maple	Rustic Alder	Aerosol Can* 13 oz. can	Paint Quart	Stain Quartz▲	Touch-Up Kit Fill stick & Touch-Up Pen	Touch-Up Pen	Fill Stick

Slate	B64				M		ACSL		QSTSL	TUKSL	TPSL	FSSL

\*Natural topcoat aerosol code is **ACNA**  
▲Natural topcoat quart code is **QSTNA**

**Stain Finish Process**

Stained finishes truly showcase the natural beauty and characteristics inherent in each individual wood species. Based on the stain color chosen, a toner may be applied to the wood to equalize natural sap levels. The stain color is applied and hand-rubbed to ensure full and equal color coverage for doors and drawer fronts

**Standard topcoat:** As a final step, our oven-cured premium topcoat is applied to provide a beautiful and durable furniture finish.

**Paint** (Available with a 15% upcharge)

Finish	Standard Topcoat Code	WOOD SPECIES					TOUCH-UP					
		Cherry	EverCore®	Hickory	Maple	Rustic Alder	Aerosol Can 13 oz. can	Paint Quart	Stain Quartz	Touch-Up Kit Fill stick & Touch-Up Pen	Touch-Up Pen	Fill Stick

**Painted Finish Process**

Painted finishes feature rich, beautiful color coating the substrate, adding rich depth to your selected profile.

Paint is applied utilizing a spray application process

Painted finishes are offered on EverCore® door styles only. However, other components will be supplied as painted hardwood, such as moldings, cabinet face frames, valances and other finished accessories. Since wood naturally expands and contracts, you may see hairline separation in the finish surface at the joints. Joint lines are normal and do **not** affect the strength of the door's construction.

Natural wood characteristics such as gum pockets, streaks and pin knots may be visible, particularly with some of our lighter paints. These characteristics tend to be more pronounced on the backs of our doors and drawers

**Standard topcoat:** As a final step, our oven-cured premium topcoat is applied to provide a beautiful and durable furniture finish.

**Cabinet Care Kit**

**CCK**

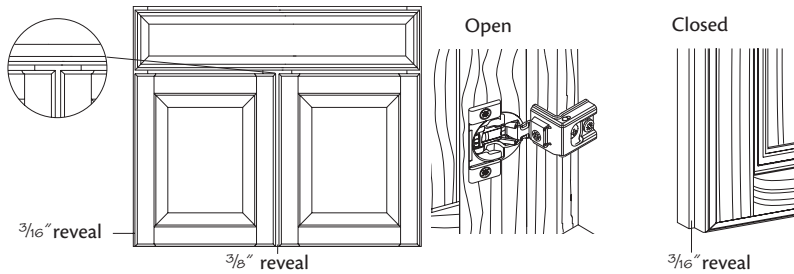

- Kit includes: 8 oz. Polish and Cleaner; 12" x 12" Dusting Cloth and Polish/Cleaner Cloth

For complete care of your cabinets, we recommend ordering the Touch-Up in the cabinet color(s).

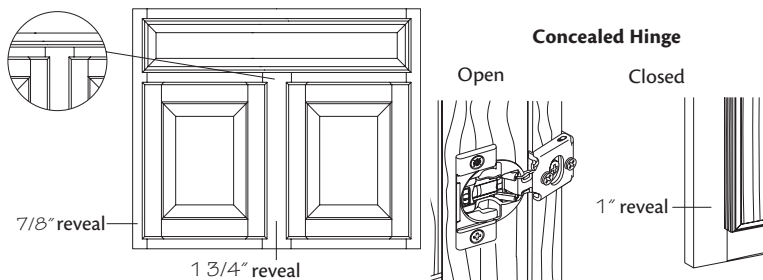

# Cabinet Specifications

## Full Overlay - Concealed Hinges

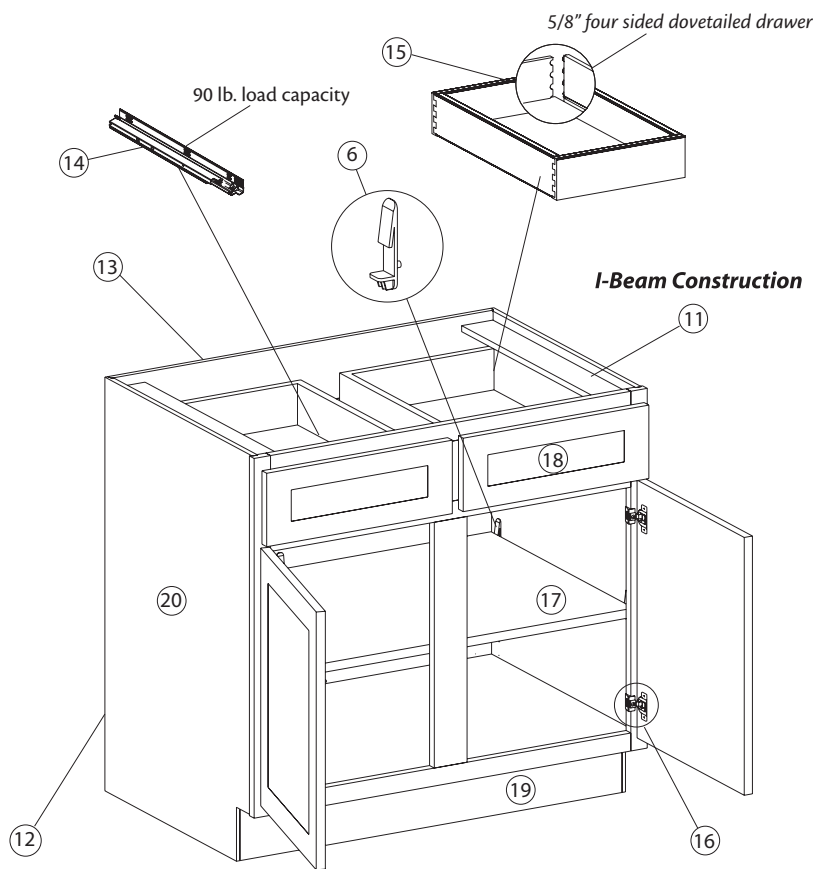

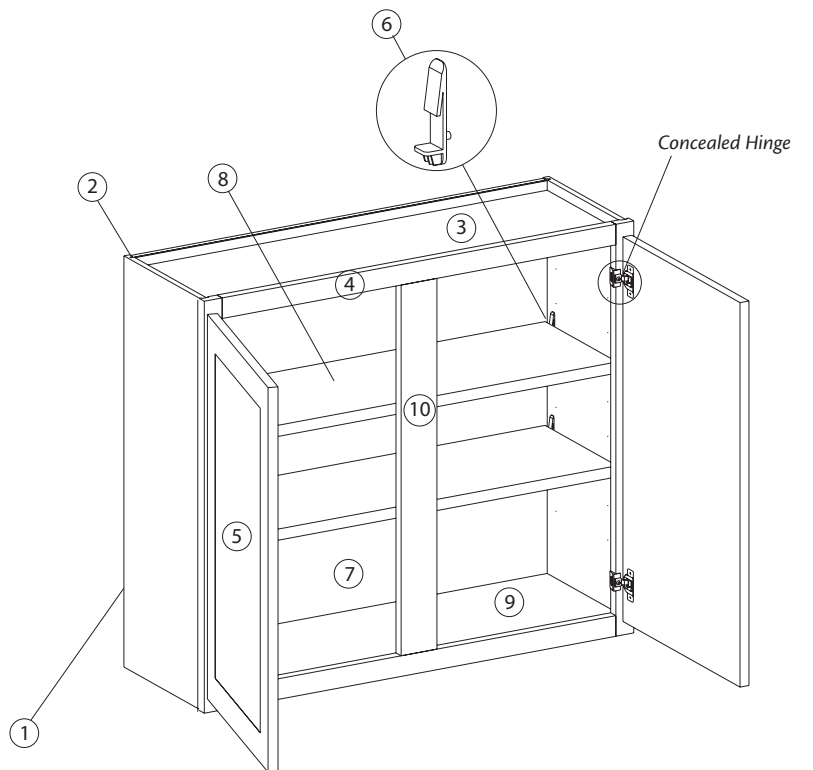

- Full Overlay doors leave  $3/16$ " of the cabinet's face frame exposed on either side of the doors and  $3/8$ " exposed between doors
- Butt door cabinets have  $1/8$ " reveal between doors
- Nickel-finished self-closing hinges with soft-close action on most cabinets. Adjustable six ways for door alignment
- The reveals shown here may vary slightly on some cabinets due to actual door/drawer front sizes used. Refer to the replacement door and drawer section for actual door/drawer sizes for specific cabinets
- **Note:** A combination of soft-close and non-soft-close hinges may be used based on door size and weight
- **Note:** Door styles with square outside edges are unable to be opened simultaneously on adjacent cabinets because the doors will rub together. This is a common occurrence due to the sizing of full overlay doors

## 1/2" Overlay - Concealed Hinges

- 1/2" overlay doors leave  $7/8$ " of the cabinet's face frame exposed on either side of the doors and  $1 3/4$ " exposed between doors
- Butt door cabinets have  $1/8$ " reveal between doors
- Nickel-finished self-closing hinges with soft-close action on most cabinets. Adjustable six ways for door alignment
- The reveals shown here may vary slightly on some cabinets due to actual door/drawer front sizes used. Refer to the replacement door and drawer section for actual door/drawer sizes for specific cabinets
- **Note:** A combination of soft-close and non-soft-close hinges may be used based on door size and weight

## Cabinet Specifications

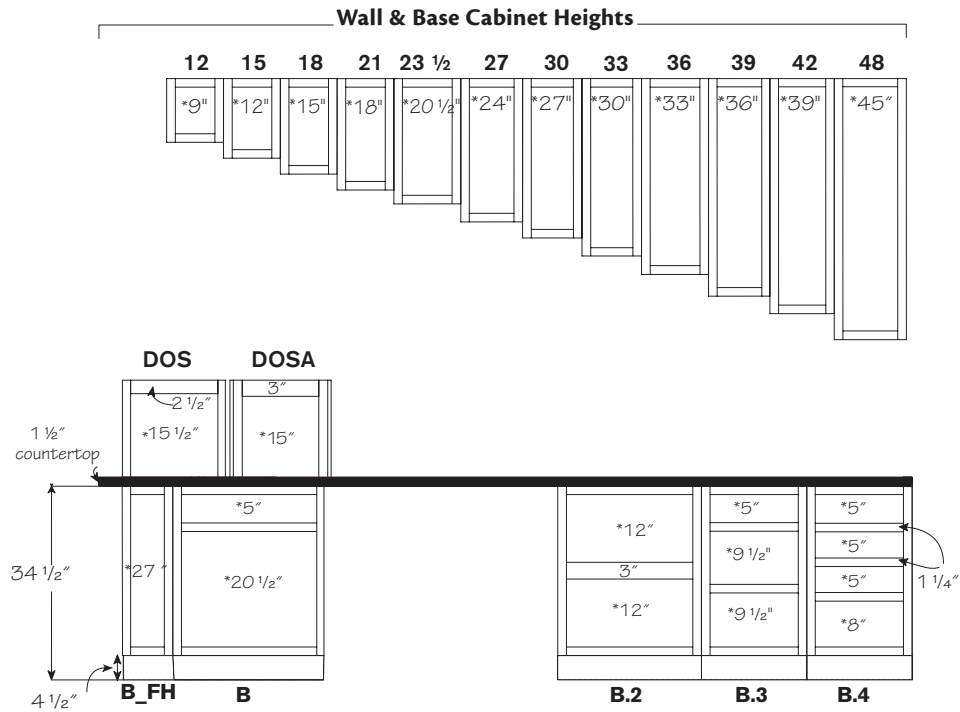

- (1) 3/8" (Wall & Tall) engineered wood with natural wood grain laminate clad back panel unless otherwise noted
- (2) 3/8" (Wall) engineered wood hanging rail
- (3) 1/2" thick engineered wood ceiling with natural wood grain laminate
- (4) 3/4" thick solid hardwood front frame constructed using hardened steel fasteners. Front frame species complements selected door style
- (5) Unique door style and wood species selection. Refer to the Door Style section of this book for details
- (6) Clear Polycarbonate shelf rests for all cabinets. Easily adjustable positive locking shelf clips for all cabinets. Double door wall cabinets use non-locking clips on the center stile
- (7) Natural wood grain laminate interior
- (8) 3/4" thick fully adjustable wood grain laminate shelving is a standard feature in wall, base and tall cabinets
- (9) 1/2" thick engineered wood floor with natural wood grain laminate
- (10) 3" wide solid hardwood center stile except on BUTT door cabinets. Exterior is finished to match door; interior is unfinished
- (11) 1/2" engineered wood I-Beam braces
- (12) 3/8" thick engineered wood Base and Vanity back panel with natural wood grain laminate on interior side
- (13) 3/8" (Base, Vanity and Tall) thick full height engineered wood back; shimming is required
- (14) Standard drawer runners with adjustable front corners and a 90 pound load capacity feature full extension, concealed under-mount slide system with soft-close action that allows the drawer to gently close
- (15) 5/8" thick, solid wood, full-depth, dovetailed drawer featuring four sided construction and 5.2mm plywood bottom. Drawers 30" and wider have 3/8" wood cleat underneath for additional support
- (16) Self-closing, concealed, 6-way adjustable hinges with soft-close action on most doors
- (17) 3/4" thick, full-depth, fully adjustable engineered wood shelving with natural wood grain laminate
- (18) Drawer fronts are designed to complement each door style
- (19) Fully closed toe space area: 4 1/2" tall x \*\*3 1/8" deep
- (20) 1/2" thick (Wall, Base, Vanity and Tall) engineered wood side panels with natural wood grain laminate interior and laminate exterior that matches the door and frame
- \* See inside cover for warranty details
- \*\***Not** including toe kick cover

When choosing the Plywood End (PE or PEB) options, refer to the Construction Options section for details

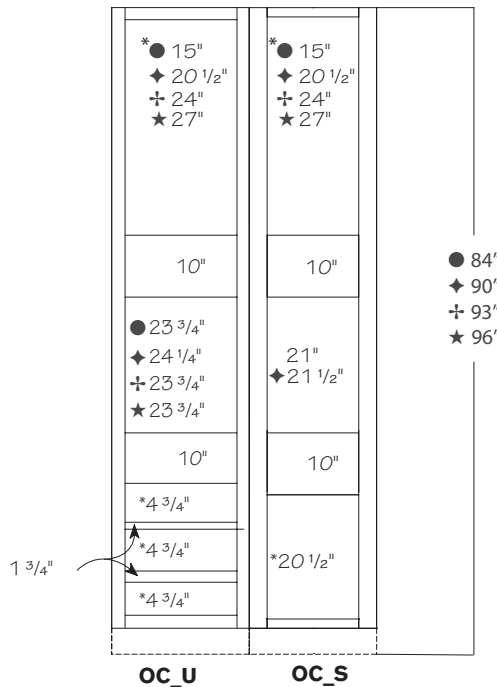

## Wall and Base Frame Dimensions

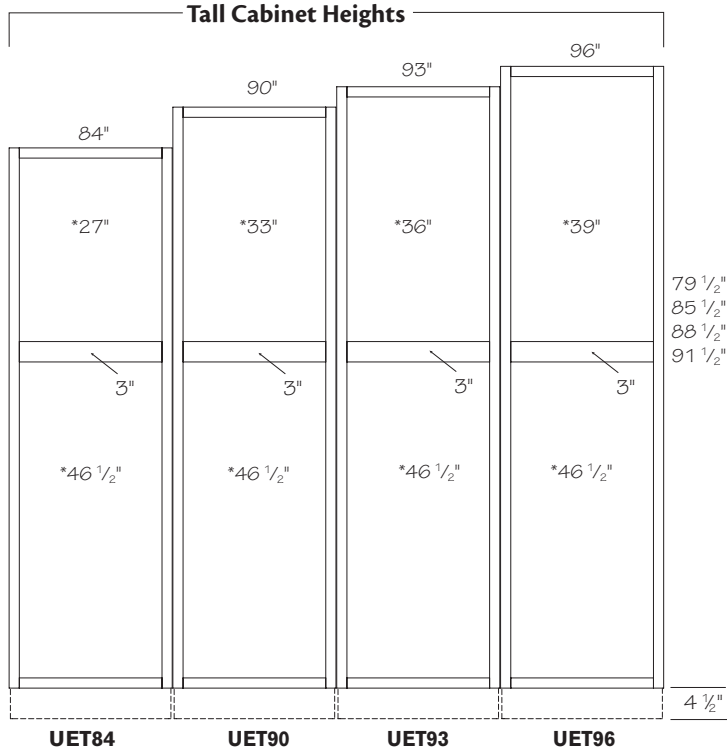

- Unless otherwise noted, all stiles and rails are 1 1/2"
- 3" vertical stiles divide double door cabinets over 36" wide
- Unless noted, oven cabinets have 3" vertical stiles
- Opening sizes are preceded by an asterisk (\*)
- Toe kick depth is 3 1/8"
- Drawer fronts will not align with one another when using 3 drawer and 4 drawer stack cabinets side-by-side
- **Note:** Unless noted, cabinet depth does **not** include doors or drawer fronts

## Oven Cabinet Frame Dimensions

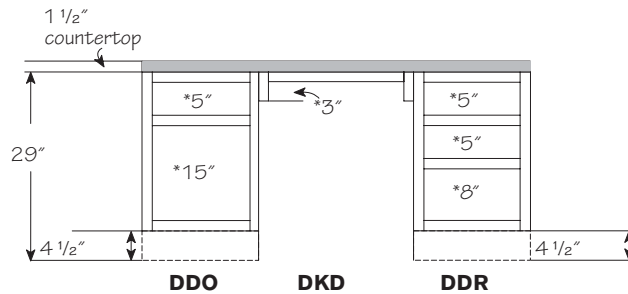

- Unless otherwise noted, all stiles and rails are 1 1/2"
- 3" vertical stiles divide double door cabinets over 36" wide
- Unless noted, oven cabinets have 3" vertical stiles
- Opening sizes are preceded by an asterisk (\*)
- Toe kick depth is 3 1/8"
- Drawer fronts will not align with one another when using 3 drawer and 4 drawer stack cabinets side-by-side
- **Note:** Unless noted, cabinet depth does **not** include doors or drawer fronts

## Tall Frame Dimensions

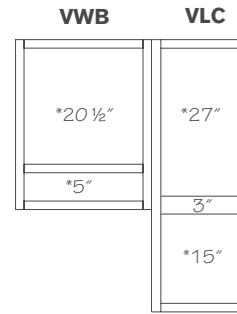

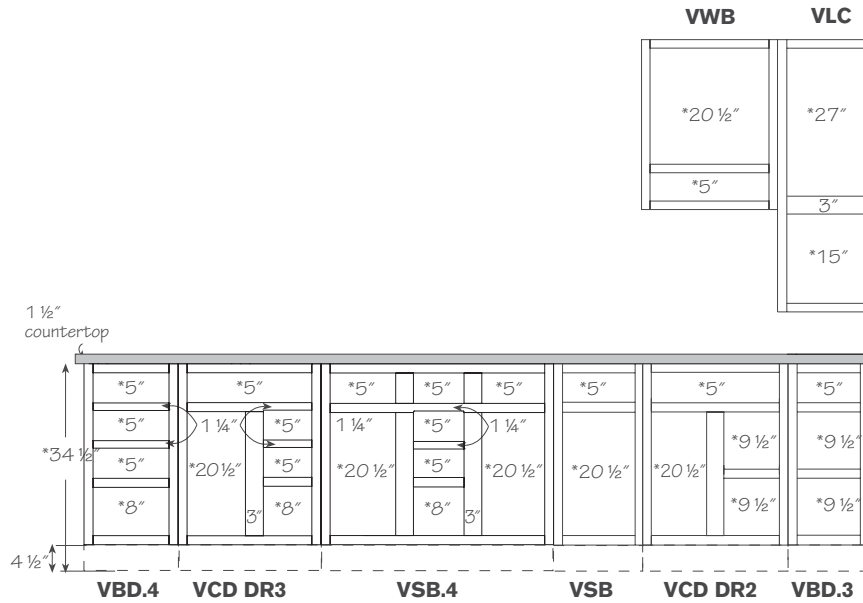

- Unless otherwise noted, all stiles and rails are 1 1/2"
- 3" vertical stiles divide double door cabinets over 36" wide
- Unless noted, oven cabinets have 3" vertical stiles
- Opening sizes are preceded by an asterisk (\*)
- Toe kick depth is 3 1/8"
- Drawer fronts will not align with one another when using 3 drawer and 4 drawer stack cabinets side-by-side
- **Note:** Unless noted, cabinet depth does *not* include doors or drawer fronts

## Office Frame Dimensions

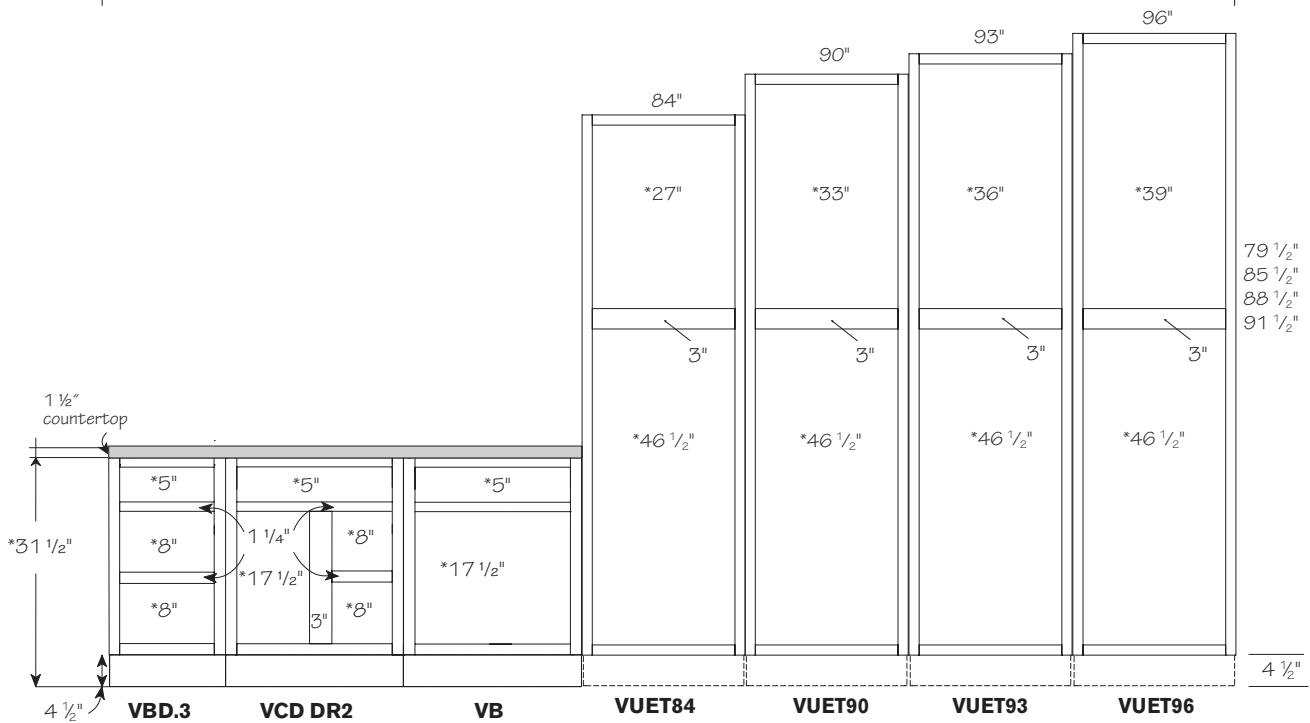

- Unless otherwise noted, all stiles and rails are 1 1/2"
- 3" vertical stiles divide double door cabinets over 36" wide
- Opening sizes are preceded by an asterisk (\*)
- Toe kick depth is 3 1/8"
- **Note:** Unless noted, cabinet depth does *not* include doors or drawer fronts

## Vanity Frame Dimensions

## Vanity Cabinet Heights

- Unless otherwise noted, all stiles and rails are 1 1/2"
- 3" vertical stiles divide double door cabinets over 36" wide
- Opening sizes are preceded by an asterisk (\*)
- Toe kick depth is 3 1/8"
- Drawer fronts will not align with one another when using 3 drawer and 4 drawer stack cabinets side-by-side
- **Note:** Unless noted, cabinet depth does **not** include doors or drawer fronts

# Construction Options

## Construction Options and Modifications

- ❖ Included as standard
- Available with an upcharge
- ☆ Available with exceptions
- (Blank) **Not** available

- PE Plywood Ends
- APC All Plywood Construction
- MI Matching Interior
- RD Reduce Depth
- ID Increase Depth
- GD Glass Door
- RTK Recessed Toe Kick
- VTK Void Toe Kick

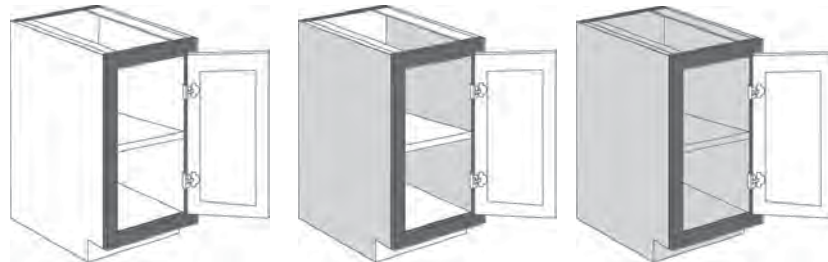

Use the option availability chart at the right of each item to determine which construction options are available for your desired cabinet.

Material dimensions listed may vary slightly from actual dimensions of the product. Specification subject to change without notice.

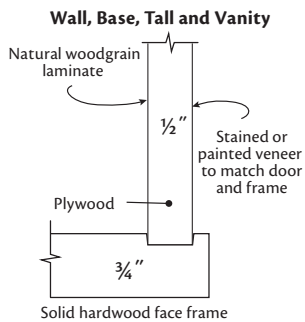

### Construction Option Examples

- Plywood
- Solid Wood
- Particleboard

**\*Note:** Please refer to door style for construction specifics

Standard = 1/2" Ends    PE/PEB = 1/2" Ends    AP/APC = 1/2" Ends

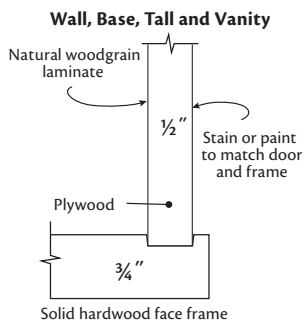

### Plywood Ends

- PE Full Kitchens
- PEB Individual Cabinets

● PE	ID
● APC	GD
● MI	RTK
● RD	VTK

- Available with a 10% upcharge
- This construction option affects end panels only
- **Note:** To get a full kitchen with Plywood Ends, use PE in the Styles and Pricing section of your order
- To order individual line items with Plywood Ends, dash each line item with PEB. Order Example: W3030 BUTT-PEB
- 1/2" plywood end panels are available for most cabinets and have a wood veneer exterior and wood grain laminate interior
- Consult the Plywood Ends (PE) option box for your desired cabinet
- (PE) is unable to be used in combination with (MI)
- Shelves, ceilings and floors are engineered wood, finished with a natural wood grain laminate
- **Note:** Standard Construction will be produced for product **not** identified as available with PE when ordered under PE construction

### All Plywood Construction

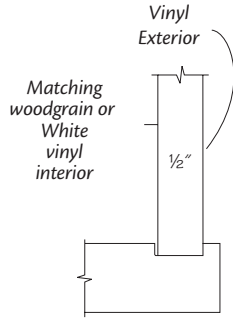

- APC Full Kitchens
- AP Individual Cabinets

● PE	ID
● APC	GD
● MI	RTK
● RD	VTK

- Available with a 20% upcharge
- This construction option affects the entire cabinet
- To order a full kitchen with All Plywood Construction use APC in the Styles and Pricing section of your order
- To order individual line items with All Plywood Construction, dash each line item with AP. Order Example: W3030 BUTT-AP, B12L-AP
- (APC) is available for most cabinets
- Consult All Plywood Construction (APC) option box for your desired cabinet construction
- Featuring: 1/2" plywood floors, ceilings, end panels, I-beams and toe kicks; 3/4" plywood base, wall and tall shelves; 3/8" plywood base back panel; 3/16" plywood wall back panel and drawer bottoms; toe kick support blocks (**not** plywood)

## Matching Interior Standard Construction

### MIV

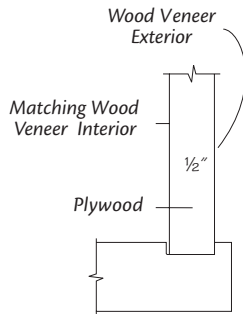

- Available with a 25% upcharge
- A Matching Interior option is recommended for all cabinets having glass doors
- Consult Matching Interior (MI) option box for availability for your desired cabinet
- If an item shows (MI) as standard in the option boxes, the matching interior material will be vinyl unless that item's standard construction is All Plywood Construction (APC) or Wood Veneer. This includes cabinets ordered as unfinished
- Inside of face frame is unfinished
- This option includes:
  - 1/2" end panels with matching vinyl exterior and interior
  - 3/4" matching vinyl shelves
  - Matching vinyl for ceilings and floors
- Use MIP to get a wood veneer matching interior
- Natural Maple door styles with standard end panels are supplied standard with a Natural Birch vinyl interior. It is **not** necessary to order Matching Interior

PE	ID
APC	GD
● MI	RTK
RD	VTK

## Matching Interior with 1/2" Plywood End Panels

### MIP

- Available with a 35% upcharge
- A Matching Interior Plywood option is available for individual items in a kitchen
- A Matching Interior option is recommended for all cabinets having glass doors
- Consult Matching Interior (MI) option box for availability for your desired cabinet
- Inside of face frame is unfinished
- This option includes:
  - 1/2" plywood end panels with matching wood veneer exterior and interior
  - 3/4" plywood shelves with matching wood veneer
  - 1/2" plywood with matching wood veneer for ceilings and floors
  - 3/8" plywood base and tall back panel with matching wood veneer
  - 3/16" plywood wall back panel
- **Note:** To order individual line items with Matching Interior, dash each line item with MIP  
Order Example: W3030-MIP, WEP3.30L-MIP

Note: For specific details, please refer to option in this section.

**-Size Options-**

**Reduce Depth**

**RD**

- Available with a 30% upcharge
- Many cabinets can be reduced to your desired depth in 1/16" increments. We do have suggested min. that control function of cabinets
- Cabinets with drawers will be supplied with false fronts when reduced less than 18" deep
- Any cabinet reduced in depth to less than 4 5/8" **must** be ordered as (CFO)

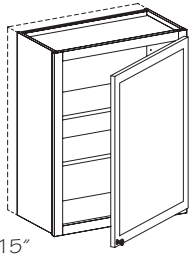

PE	ID
APC	GD
MI	RTK
● RD	VTK

Cabinet Depth	Drawer Box Depth
24"-27"	20 43/64"
21"-23 15/16"	17 23/32"
18"-20 15/16"	14 49/64"
less than 18"	No drawer

Reduced Depth		
Sugg. Min.	Cabinets	Reason
4 5/8"	<b>All</b>	Minimum for shelf hole drilling
9"	<b>PB</b>	Minimum for toe kick notch
18"	<b>Cabinets with drawers</b>	Minimum for working drawer Less than 18" depth will have false drawer front
18"	<b>BEA</b>	Minimum allowed

**Increase Depth**

**ID**

15"

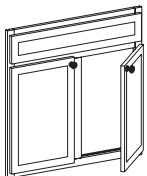

- Available with a 30% upcharge
- Many wall cabinets can be increased to a 24" depth, in 1/16" increments
- Any wall cabinet over 24" wide, at least 30" high with a depth greater than 12" should be installed between two cabinets, a cabinet and a wall or supported from below. The same is also true for cabinets with BUTT doors
- Many Tall cabinets can be increased to a 27" depth, in 1/16" increments
- **Note:** Max. cabinet width for this option is 36"

**-Box Options-**

**Cabinet Front Only**

**CFO**

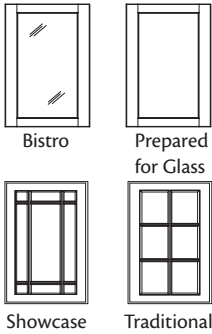

Base example shown

- Available with a -30% downgrade
- Front frame, doors and drawer fronts only

PE	ID
APC	GD
MI	RTK
RD	VTK

**Glass Door**

**GD**

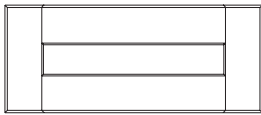

- For complete listing of glass door specifications, see Decorative Doors and Inserts section
- **Note:** Most doors can be supplied prepared for glass, with glass inserts or Mullion glass
- **Annealed Glass** - Glass that has been cooled with precise control to relieve stress introduced by the manufacturing process, making the glass workable (i.e. easier to cut); **not** safety glass
- **Tempered Glass** - Tempering uses either a thermal or chemical process to quickly harden the glass, which compresses its surface. Compressing the surface increases the amount of tensile stress that can be endured before breakage occurs. When it does break, tempered glass generally breaks into very small pieces
- **Note:** Mullion doors ordered in EverCore® door styles will be supplied as painted hardwood

PE	ID
APC	● GD
MI	RTK

## -Toe Kick Options-

### Recessed Toe Kick

**B30-RTKL**  
Recessed toe kick left

3 1/8"

**B30-RTKR**  
Recessed toe kick right

**B30-RTKB**  
Recessed toe kick both

3 1/8"

3 1/8"

3 1/8"

**RTKB** Both  
**RTKL** Left  
**RTKR** Right

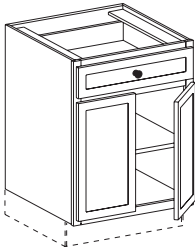

- Most Base, Tall and Vanity cabinets can be ordered with a recessed toe kick. Consult option availability chart for desired cabinet
- Specify end or ends to receive recessed toe kick
- Additional bottom support is recommended when using RTKB on peninsula cabinets wider than 27"
- Unavailable on 93" and 96" high tall cabinets

PE	ID
APC	GD
MI	● RTK
RD	VTK

We recommend Recessed Toe Kicks (RTKR or RTKL) on base cabinets at the end of peninsula runs or island applications.

### Void Toe Kick VTK

- Available with a 10% upcharge
- Select Base, Tall, Office, Furniture and Vanity Cabinets may be ordered without the toe kick
- Allows decorative feet to be used under cabinet
- **Note:** Decorative feet or legs should support the cabinet by the end panels, **not** the cabinet floor
- Full overlay door styles are unable to be placed directly on the floor
- Attach cabinets to a wall stud or anchor to the floor to achieve sufficient stability; unintended to be free-standing
- Unavailable on 93" and 96" high tall cabinets

- Adjustable shelf
- Designed for use over refrigerators where there is adequate clearance
- ☆ Max. (ID) for Wall Refrigerator cabinets is 27\"
- Additional support required

When designing a built-in refrigerator area, remember that many side by side refrigerators measure up to 36\" wide. If you have the extra space, it is recommended to use at least a 1\" filler with a 36\" wide Wall Refrigerator (WR) cabinet to assure clearance for the appliance. Also, verify the height of the appliance to make sure you are using the correct Wall Refrigerator cabinet

- Available with an upcharge
- ☆ Available with exceptions
- (Blank) **Not** available

**Caution:** Wall Hoods **must** be installed between two (2) cabinets, a cabinet and a wall or anchored to the ceiling or wall. Failure to provide additional support could result in collapse of the cabinet, serious personal injury, or property damage. Damage relating to failure to provide additional support is **not** covered by the warranty.

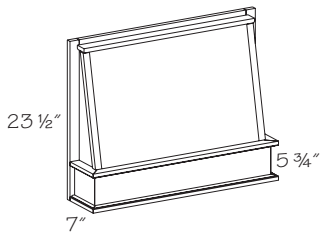

Consult your local building code for rules and regulations that may apply to the installation of this product, such as required clearances between the Wall Hood and cooking surface.

Material dimensions listed may vary slightly from actual dimensions of the product. Specifications subject to change without notice.

### Wall Hood Front

- CRHF3024.P
- ▲ CRHF3624.P

- Uses liner and blower CRHCP30V.SN
- ▲ Uses liner and blower CRHCP36V.SN

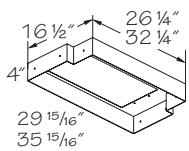

- Solid wood/wood veneer construction
- For installations with exterior ductwork
- Metal liner and blower required; ordered separately
- Rustic material is **not** supplied when ordered in rustic door styles

# Base Sink & Appliance Cabinets

## Construction Options and Modifications

<b>BMC</b>	<b>30</b>	<b>34</b>	<b>24</b>
code	width	height	depth

- ❖ Included as standard
  - Available with an upcharge
  - ☆ Available with exceptions
- (Blank) **Not** available

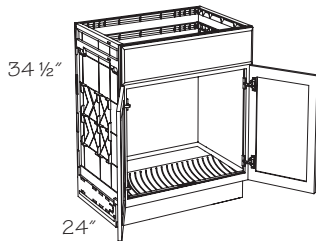

- PE Plywood Ends
- APC All Plywood Construction
- MI Matching Interior
- RD Reduce Depth
- GD Glass Door
- RTK Recessed Toe Kick
- VTK Void Toe Kick

Remember, a cabinet designated BUTT or (Butt) has no center stile. When BUTT is in all capitals, please include as part of your ordering nomenclature. A (Butt) in parentheses is for your information and isn't required on an order form.

Material dimensions listed may vary slightly from actual dimensions of the product. Specifications subject to change without notice.

### CoreGuard® Sink Base

- SB30 BUTT.CG
- SB33 BUTT.CG
- SB36 BUTT.CG

Opening Sizes		
Cabinet	Top Width	Top Depth
SB30BUTT.CG	27 1/16"	22 3/8"
SB33BUTT.CG	30 1/16"	22 3/8"
SB36BUTT.CG	33 1/16"	22 3/8"

- No shelf
- Easy to clean, durable sink base helps protect the cabinetry from everyday leaks and spills
- Back, end and bottom panels are made of an engineered polymer material
- Bottom panel slants 1° toward front of cabinet and has raised ribs to slightly elevate stored items
- Decorative end panel required for end of peninsula; order separately
- One full-width false drawer front above doors
- Use CoreGuard® Panel Backer in the paneling section to resolve cutting and installation errors

PE	●	GD
APC		RTK
MI		VTK
RD		

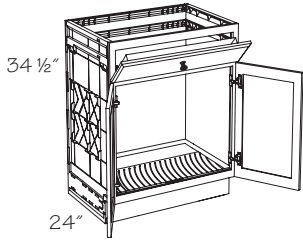

Select your sink prior to finalizing your design. Check manufacturer's specifications to ensure a proper sink fit.

**Caution:** For an island/peninsula installation, the CoreGuard® Sink cabinet must have a minimum of one (1) 15" cabinet or larger installed adjacent to it in order for the island/peninsula to have adequate structural stability. Accessories cannot be installed on end panels, back or floor of the cabinet

### CoreGuard® Sink Base w/Utensil Tray

**SB30 BUTT.CG.UT**  
**SB33 BUTT.CG.UT**

★Dimensions "A" and "B" minimum requirements include optional decorative hardware clearance. You may deduct 1 1/4" if hardware is not used.

### Base Blind Corner

Right Blind Shown

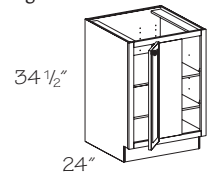

**BBC39 R or L**  
**BBC42 R or L**  
**BBC45 R or L**  
**BBC48 R or L**  
**BBC51 R or L**

- Specify R or L; R or L indicates blind
- Door is hinged from blind panel
- One adjustable shelf
- Blind panel (stile) is 8" wide
- Blind opening is covered with an unfinished panel
- Filler included
- Order Overlay Panel for Base Blind Corner separately

● PE	● GD
● APC	● RTK
● MI	● VTK
● RD	

### Base Blind Corner Universal

Right Blind Shown

▲ **BBCU36**

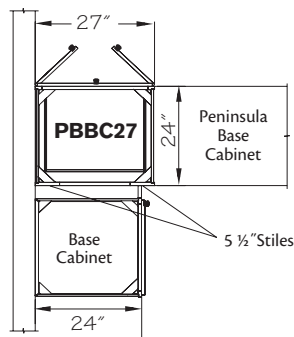

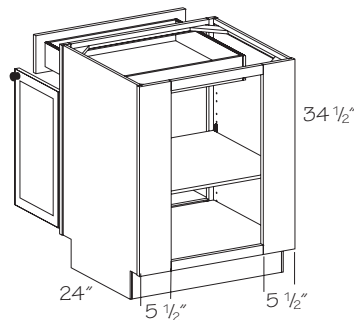

▲ Full-height door; 9" wide blind panel stile; two adjustable, full-depth shelves

- Cabinets are shipped blind right standard; may be reversed in field
- Right blind shown
- Door is hinged from blind panel
- Filler included
- Order Overlay Panel for Base Blind Corner separately
- Unavailable with Factory installed Roll-Out Trays

● PE	● GD
● APC	● RTK
● MI	● VTK
● RD	

### Peninsula Base Blind Corner

**PBBC27**

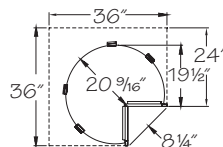

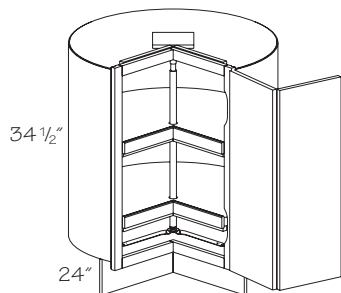

- One adjustable shelf
- Two 5 1/2" stiles on blind side allow cabinet to be used as right or left
- Double doors and single drawer
- Reversible
- For use as a starter cabinet for peninsula
- Designed to fit flush against wall, cabinet may be pulled approximately 2 1/4". Full overlay door styles require a pull of at least 1" from wall to allow hardware clearance
- Filler included
- Order Overlay Panel for Base Blind Corner separately
- Working drawer and doors open to same side

● PE	● GD
● APC	● RTK
● MI	● VTK
● RD	

 Remember, when using a 27" wide Peninsula Base Blind Corner cabinet, it is highly recommended to use peninsula cabinets on the adjacent run due to depth continuity. If regular base cabinets are used, the run will not be flush once the matching panel is applied.

### Wood Lazy Susan

**LS36 R or L.WLS**

All dimensions are to outside of frame

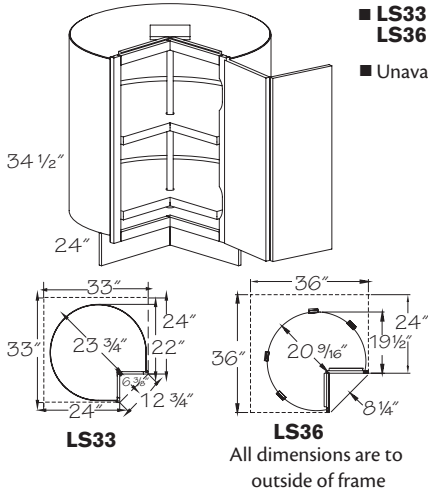

- Specify R or L for single door hinging
- Rotating shelves have wood floor and trim
- Requires 36" of wall space
- Face frame is scooped for hinge installation on full overlay door styles
- Doors are profiled on one long and two short edges and are connected with hinges
- ☆ Back (barrel) will **not** be plywood when APC is chosen

# Tall Cabinets

## Construction Options and Modifications

UET	15	84	12	R	.SH
code	width	height	depth	hinge	suffix

- ❖ Included as standard
  - Available with an upcharge
  - ☆ Available with exceptions
- (Blank) **Not** available

- PE Plywood Ends
- APC All Plywood Construction
- MI Matching Interior
- RD Reduce Depth
- ID Increase Depth
- GD Glass Door
- RTK Recessed Toe Kick
- VTK Void Toe Kick

For all cabinet modifications, please refer to the Construction Options section for details and exceptions.

**Note:** Standard tall cabinet box depth is 12" or 24" unless stated otherwise. Add door thickness with bumpers for total depth.

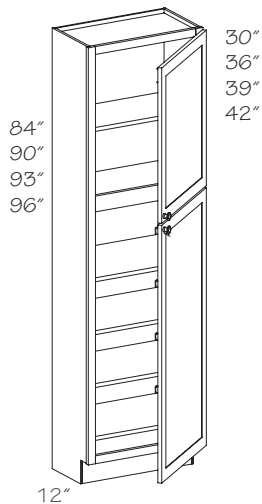

When BUTT is in all capitals, it **must** be included as part of your ordering nomenclature. A (Butt) in parentheses is informational and isn't required.

Material dimensions listed may vary slightly from actual dimensions of the product. Specifications subject to change without notice.

**Note:** Remember to remove the white plastic "feet" from the bottom of all tall cabinets before installation. Their sole purpose is to protect the floor after the cabinets are unboxed. Leaving them on will result in uneven installation.

Specifications subject to change without notice.

**Note:** All Moldings ordered in EverCore® supplied as painted hardwood

### Molding Stack Information

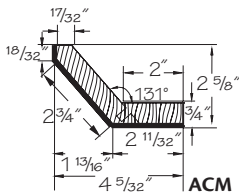

- **Note:** Expect to lose up to 4" to 6 1/2" per cut, so plan extra molding accordingly. Always order one or two extra pieces of molding to make up the cut loss to ensure the moldings are at the job site for a timely installation. Ordering additional molding after the fact to complete the job means the molding is **not** pulled as a group or run at the same time of color application

To add Molding Stacks in your 2020 Design, locate them in the Drag and Drop list under: Moldings>Top Moldings>Pre-Stacked Moldings. To view the PDFs, right-click on a specific stack and go to specs.

# Replacement Hardware

FADBK

code

## Adjustable Door Buffer Kit FADBK

- Soft-closing technology provides smooth and silent closure of door
- One required per door; PC, U, VLC and UF cabinets require two
- Mounting hardware included
- One per carton
- **Note:** Requires field installation

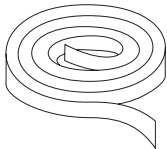

## Adjustable Shelf Clips BOX .ASC

- Adjustable clear plastic clip locks in eight positions for approximately 1 5/8" of vertical adjustment
- Includes slip resistant pads
- Ten per box

## Door Stop Kit DSTK

- Mounting hardware included

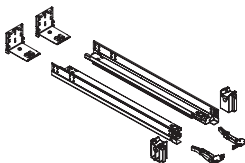

## Vinyl Edgebanding EDB

- 7/8" wide
- Sold by the ft. (quantity ordered will equal the number of ft. needed)
- **Not** self-adhesive; installation will require contact cement

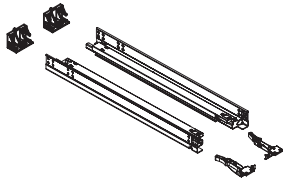

## Front Shelf Clips BOX .SCF

- Ten per box; five left and right

## Full Extension Deluxe Roll-Out Guide Kit PFXDXR18 PFXDXR21 PFXDXR24

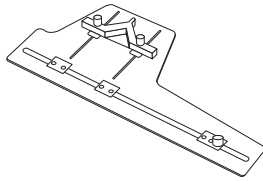

- 90 lbs. capacity
- Full extension guide for Deluxe Roll-out Trays
- Kit includes left and right guides and mounting hardware
- 18 deep used on 18" deep cabinets
- 21 deep used on 21" deep cabinets
- 24 deep used on 24" deep cabinets

**Full Extension Soft-Close Guide Kit**

**PFXSCDR18  
PFXSCDR21  
PFXSCDR24**

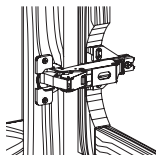

- 90 lbs. capacity
- Full-extension guide, pulls out past the face frame
- Kit includes left and right guides and mounting hardware
- 18 deep used on 18" deep cabinets
- 21 deep used on 21" deep cabinets
- 24 deep used on 24" deep cabinets
- One kit per carton

**Hardware Template Kit**

**HTK**

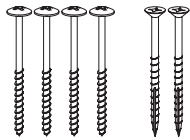

- Handy drill jig for universal hardware drilling
- High-impact grey polycarbonate template with hardened steel drill bushings
- Adjustable for use with all drawers and doors
- One per carton

**Hinges - Partial or Full Overlay Easy Reach**

**PH170EZ**

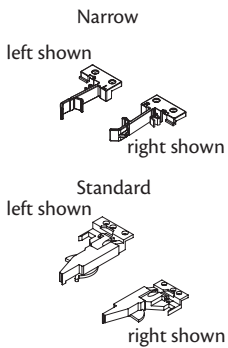

- Nickel plated finish
- Packaged and sold as a pair
- Used for all Easy Reach cabinets

**Installation Screws**

**BOX .IS**

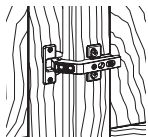

- Each pack includes 4 mounting screws and 2 cabinet-to-cabinet screws
- Mounting screws are 2 3/4" long
- Cabinet-to-cabinet screws are 2 1/2" long
- Ten packs per box

**Full Extension Soft-Close Drawer Clips**

**PBDC.S** Narrow  
**PBDC**

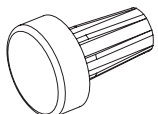

- PBDC.S is used on VSV36.2
- Packaged and sold as a pair

**Hinges - Bifold**

**PHBF**

- Packaged and sold as a pair

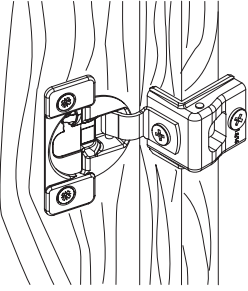

**Permaset Bumpers**

**BOX .PSDB**

- Ten per box

### Full Overlay 6-Way Hinge

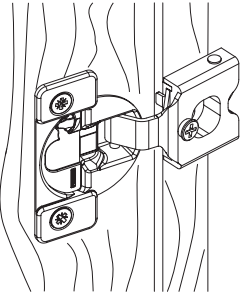

**PH6FO .SC** Soft-Close 6-Way  
**PH6FO** 6-Way

- Nickel plated finish
- Soft-close hinges have soft-close action; standard hinges do **not**
- 6 way door adjustment
- Includes hinges and mounting screws
- Used on full overlay cabinets
- Offered as a pair

### 1/2" Overlay 6-Way Hinge

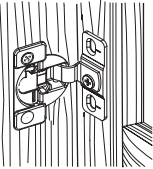

**PH6PO .SC** Soft-Close 6-Way  
**PH6PO** 6-Way

- Nickel plated finish
- Soft-close hinges have soft-close action; standard hinges do **not**
- 6 way door adjustment
- Includes hinges and mounting screws
- Used on 1/2" overlay cabinets
- Offered as a pair

### Face Mount Hinge

**PHFM .SC** Soft-Close 6-Way  
**PHFM** 6-Way

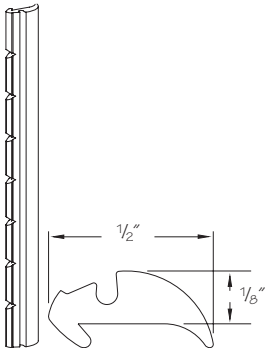

- Nickel plated finish
- Soft-close hinges have soft-close action; standard hinges do **not**
- Used on 1/2" and full overlay Wall Microwave Cabinet and Oven Cabinet Universal cabinets
- Offered as a pair

### Glass Insert Retainer Strip

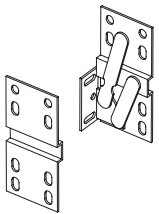

**MDRS**

- Specify length needed in feet

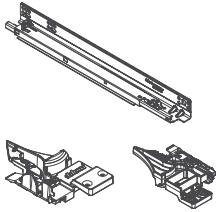

### Utensil Tray Hinge

**PHUTK**

- Nickel plated finish
- Includes left/right hinges and mounting screws
- Used on Sink Base w/Utensil Tray cabinets and Utensil Tray Kits
- Offered as a pair

### Full Extension Soft Close Guide Kit & Clips

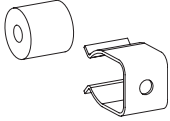

*Runner Kit*  
 ★ **PBWDR21**  
 ★ **PBWDR24**  
*Clips*  
 ※ **PBWDC**  
 ★ One kit per carton  
 ※ Sold in pairs

- For BPPS\_2 cabinets
- 90 lbs. capacity
- Full-extension guide, pulls out past the face frame
- Kit includes left and right guides and mounting hardware
- 21 deep used on 21" deep cabinets
- 24 deep used on 24" deep cabinets

### False Front Clips

**BOX .SFFC**

- Mounting hardware included
- Ten per box

### Shelf Clips

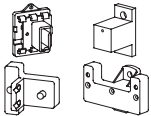

**BOX .SC12** For 1/2" thick shelves  
**BOX .SC34** For 3/4" thick shelves

- Clear plastic locking clip
- Ten per box

### Roll-Out Tray Mounting Block Kit

**ROTK .R**

- Includes mounting blocks, drawer glide mounting sleeves and fasteners

### Side Mount Drawer Runners

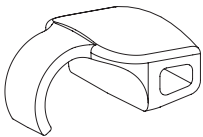

**PDR18**  
**PDR21**  
**PDR24**

- 50 lbs. capacity
- Almond
- Used for Roll-Out Trays

### Soft-Close Angle Restrictor Clip

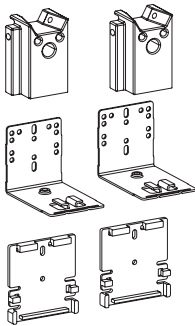

**SCARC**

- Reduces opening angle to 85°
- Works with soft-close hinge on full and 1/2" overlay door styles
- Unable to be used in cabinets that are installed with accessories, such as trays
- Four per carton

### Deluxe Dovetailed Roll-Out Tray Mounting Block Kit

**BWTDXROTK**

- Includes mounting blocks, drawer glide mounting sleeves and fasteners
- Packaged and sold as a pair

# Replacement Door & Drawer Front Information

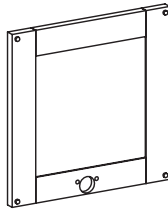

Replacement doors and drawer fronts are listed by their nomenclature. Please reference the overlay columns for actual sizes as the nominal size and actual size may vary.

Replacement doors may be ordered for wall or base application. When ordering, specify door style, hinging and •W (wall) or •B (base). Any arch doors ordered as •B will be shipped in a square design.

**Example:** You need a replacement door for a wall 1830, hinged left.

**Order:** RD1830L•W

Replacement doors are prepared for hinges. Replacement door and drawer fronts are automatically drilled for PermaSet bumpers. If a door is specified for no hinge (NH), the door is drilled in all four corners for bumpers (bumpers are included) and will also receive a single cup hinge bore for internal tracking purposes.

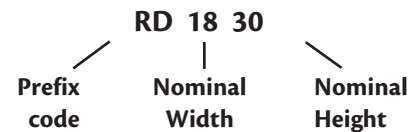

Replacement doors with glass inserts or mullion inserts installed are available on doors 12" or wider up to 42" high. To order, determine the replacement door(s) required and add desired glass insert or mullion insert.

**Example:** You need a Mullion insert for a wall 1836, hinged left.

**Order:** RD1836L•W-1MD2  
**Pricing:** RD1836L•W  
+ 1 Mullion Insert for 36" - 42" high  
**= Total for mullion door with insert installed**

Replacement doors and drawer fronts are coded for easy reference. The prefix codes indicate door or drawer and usage. The first two digits indicate nominal width and the second two digits indicate nominal height.

Prefix codes are as follows:

RD	replacement door
RDA	replacement door angle
RDB	replacement door butt
RDW	replacement drawer front
RDWEZR*	replacement door wall easy reach (two doors hinged)
